The Last First.

Childish simplicity sometimes loses like deceitfulness without being so. It was a perfectly honest little girl who was asked by her father:  
"Well, Emily, have you got along with your knitting while I've been away?" Which stocking are you on now?"  
"On the second, papa."  
"Well, where's the other?"  
"Oh, I should have told you, papa, I began on the second one!"

There is no medicine so often recommended in every home and so admirably adapted to the purpose for which it is intended, as Chamberlain's Pain Balm. Hardly a week passes without some member of the family having need of it. A toothache or headache may be cured by it. A touch of rheumatism or neuralgia quieted. The severe pain of a burn or scald promptly relieved and the sore laceration much less time than when under treatment is sent for. A sprain may be quickly treated before inflammation sets in, which makes a cure in about one-third of the time otherwise required. Cuts and bruises should receive immediate treatment before the parts become swollen, which can only be done when Pain Balm is at hand. A sore throat may keep a household wretched. A troublesome curn may be removed by applying it twice a day for a week or two. A lame back may be cured and several days of valuable time saved or a pain in the side or chest relieved without paying a doctor's bill. Procure a 50 cent bottle of Chamberlain's Pain Balm. It will never regret its sale by McWille, druggist, post office building.

Talks About the First National Bank Matter

Says the Institution is Perfectly Solvent and is Now in a First-Class Condition.

The Comptroller of the Currency was asked to-day by an Examiner, representative, says a dispatch from Washington to the Cincinnati Enquirer, if the statement published in Cincinnati yesterday is true that O. M. Hughes, cashier of the First National Bank of Lima, was removed upon an order from him.

"Some time since," replied Mr. Eckles, "it was developed by a national bank examiner that the capital stock of the First National, of Lima, had become impaired, and I made an assessment and the amount was made good, and the bank is now perfectly solvent."

"How about the removal of Mr. Hughes?" was asked.

"Of that I know nothing, except that it appeared to me that he was responsible for certain omissions, and in my correspondence with the directors of the bank I suggested that Mr. Hughes should be relieved from the cashiership. This, however, rested entirely with the Directors, and whether they have acted on my suggestion and made a change, I am unable to say, but I infer from inquiries made here to-day by the super representatives that Mr. Hughes has been displaced by the Directors of the bank."

"Is this the bank at Lima in which Senator Brice is interested?"

"Senator Brice appears to be so, but I am not interested in the First National, as he only owns ten shares of the stock. (This statement is slightly erroneous, as Senator Brice owns and controls a majority of the stock in the First National Bank—Ed.) However, the bank is perfectly solvent and in first-rate condition."

"Was the discovery of the impairment of the capital stock of recent occurrence?"

"The discovery was made some time since, and the matter was satisfactorily settled upon my assessment, just as soon as it was possible to do so after the Directors were made aware of the condition of the capital stock."

AT EIGHT O'CLOCK

Mr. Charles Dalley and Miss Lydia Ault Were Married Last Evening.

The marriage of Mr. Chas. Dalley, of Second street, and Miss Lydia Ault, of Van Wert county, occurred last evening in the presence of a large number of their friends and relatives. Rev. Peter Biggs, recently of Grace M. E. church but now located at St. Marys, performed the ceremony at 8 o'clock and pronounced the happy couple man and wife, after which the guests extended hearty congratulations and presented Mrs. Dalley with many beautiful and useful presents. Several members of the Odeon Mandolin club were present and some appropriate selections of music were furnished. Miss Mary Wright also entertained the guests with a well rendered recitation.

Mr. Dalley is employed as a fireman at Central station and is a very promising young man. The bride is a very estimable young lady and both have hosts of friends who extend their best wishes.

AMONG THE RAILROADS.

The Pittsburgh, Akron and Western railroad was sold at auction at Akron yesterday afternoon to Fisher A. Baker, president of the First National bank of New York City, who represents a syndicate of bondholders. The road was appraised at \$1,265,000 and Baker bid the only one, was two-thirds of the value, \$844,000. The road was bonded for \$2,500,000 and there is \$800,000 due on the defaulted interest. The road has been in financial difficulties since its completion in 1883, and the sale was ordered by Common Pleas Judge A. C. O'Neil. It is believed that it will be put in first-class order and completed to New Castle, Pa.

AN ENGINEER'S FATAL DREAM.

Engineer "Tom" Regan, one of the best known railroad men in the country, died in his boarding house in Chicago to-day as a result of a leap from a second story window, while dreaming of a recently killed friend. Regan was deeply affected by the death, and after attending the funeral decided on a few days' vacation. He retired early to bed, was restless, and about midnight jumped through his window and crashed to the sidewalk and was fatally injured. He regained consciousness before his death and told that he had dreamed that he was on an engine with Haley and that he and his friend had jumped from the cab together.—Pittsburgh Sentinel.
